Drawing and History by CHARA

What did you
learn old-man?

Hey

I already told you. I was in
the earth for many years.

But this result shows
me that my cooking
skills aren't perfect yet.

By the way... he
hasn't picked me
up because he
felt sorry for me
or something
like that

Hey... I've a
question.

He's the Demon King
Beelzebub! He has killed
thousands and thousands
of angels in the past!

Hmph.

Angels like you also
want to kill me...

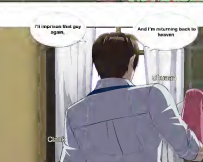

If that day comes and you
decide not choosing
me... Well, what can I do.

Like I said
before... you're
weird.

Just say it!!
What's your wish!!!

And why this hold,
do I have to yell
your? Go away!!

So you're going to
tell to that guy??

It's my decision!
I'll do what I want!

What do you
mean by saying
I'm going to
change my
mind?

GO AWAY!!

GO AWAY!!

I have to
bring my clothes

And my stuff...

Ah... I'm going back
to my house for my
stuff...

Are you planning to live
with Sandalphon?

Now that I
remember, the
name of that
angel was
Sandalphon.

The bridge at the
moment, I have no
place where I can
return...

I'll earn enough
money to rent a
room and...

We had a fight
the other day
and after that, we
haven't spoken to
each other.

But they're not
looking for you? They
must be worried.

Ah, about
that.

No... I don't
think they're
worried about
me

I don't think so. I
don't think kids there
are such parents as
this world

Ahaha

They should disappear from this world...

Ahh Sorry. It's just a personal problem.

I have to go. Oh and about your scarf...

Keep it.

Eh? B-But

For now, I'll get
my stuff out of
the house

It's afternoon, so they
must be working. It
would be great if
they're not in the
house.

Hmph, whom
has been believed
that guy...?
He's not even my

But I felt happy
hearing those
reprimands after
a long time

I wish that parents
shouldn't exist in
this world to not
have these kind
feelings

*Because there're two
type of feeling in this
world. The first is
when you don't
expect something*

*And the other one
is when you expect
and receive a huge
disappointment.*

*And that's why
it's better not
having parents.*

It's better

To not have.

It's better.

To not... have?
